

Detalles de la oferta : Manufacturing Engineer

Reclutador	SAFRAN 
Dirección	501, Tower B, Jiaming Center, No.27 Dongsanhuan North Road, Chaoyang District, Beijing 100020, China
Código postal	100020
Ciudad	Pékin
Referencia	25D1755595520
Título de la oferta	Manufacturing Engineer
Descripción de la misión	<p>Major Job Responsibilities</p> <ul style="list-style-type: none"><li>• New products Industrialization<ul style="list-style-type: none"><li><input type="checkbox"/> Manufacturing technical assessment with process &amp; quality engineers to analyze the industrial feasibility</li><li><input type="checkbox"/> Concurrent engineering with design engineering, production &amp; quality</li><li><input type="checkbox"/> Risk assessment and mitigation action implementation</li><li><input type="checkbox"/> Industrialization schedule creation and control</li><li><input type="checkbox"/> Technical data creation (machining process 3D model, machining working instruction, inspection plan )</li><li><input type="checkbox"/> New product proving out test</li><li><input type="checkbox"/> NPI document preparation and review</li><li><input type="checkbox"/> Technical support to achieve production ramp up</li></ul></li><li>• Manufacturing cost and waste reduction<ul style="list-style-type: none"><li><input type="checkbox"/> Manufacturing layout &amp; process optimization</li><li><input type="checkbox"/> Tooling &amp; fixture optimization</li><li><input type="checkbox"/> Propose design change to improve manufacturability</li><li><input type="checkbox"/> Support lead time reduction</li><li><input type="checkbox"/> Optimize inspection characters</li><li><input type="checkbox"/> Self-inspection and sampling inspection</li><li><input type="checkbox"/> Improve quality and reduce rework</li></ul></li><li>• Production issue support<ul style="list-style-type: none"><li><input type="checkbox"/> Support QRQC, 8D, disposition of non-conforming products and rework process</li><li><input type="checkbox"/> Prepare SOP, semi-finish drawing &amp; product routing</li></ul></li><li>• Manufacturing Change Implementation</li><li>• Introduce new technologies like new tools, new methodology</li><li>• Work closely with relative departments for implementing drawing modification</li><li>• Lead/support the projects of Green Belt, Kaizen</li><li>• Support supply chain development</li></ul>
Tipo de contrato	
Teletrabajo	No especificado
Ubicación	Suzhou 
País	China
Región	Jiangsu
Descripción del perfil	<p>Education -Bachelor and above</p> <p>Experience -Above 3 years at manufacturing industrialization</p> <p>Language -Fluent oral &amp; written English</p> <p>Computer</p> <ul style="list-style-type: none"><li>-3D software skill is required; CATIA/NC Programming &amp; Simulation is preferred.</li><li>-Microsoft software skill (Excel, word and PPT)</li></ul> <p>Technical Skill</p> <ul style="list-style-type: none"><li>• Have the experience or support new product introduction and new process introduction.</li><li>• Communicate with Designer about product design and improvement.</li><li>• Build process in Quality and the reduction in quality escapes, Cost of Rework.</li><li>• Have machining skills, special process knowledge is plus</li></ul>

- Be familiar with ERP
- Understand the new production introduction
- Quality and cost orientation

Soft Skill

- Team Player
- Communication skills
- Innovative mindset
- Global View
- Leadership
- Flexibility
